About us

Sempli Net is Abu Dhabi based company. It was established in 2008 to provide information technology solutions that service all areas in United Arab Emirates. At Sempli Net, we understand that businesses need quality, well-planned IT systems to prevent downtime. We develop reliable, long-term IT solutions which limit ongoing & unnecessary expenses associated with “quick fix” products. We plan with our clients and go the extra step to ensure that IT systems we create keep up with the needs of growing businesses. The team at Sempli Net is equipped with a highly developed skill set developed over years of experience not only in information technology but also in business processes across a range of industry sectors. Our team consistently delivers state-of-the-art solutions in various areas including, but not limited to, integrated business solutions, system applications, product development, Internet / Intranet applications and communication and network management services. Our business experience that expand over board regions such as: Lebanon, Saudi Arabia, Syria and Cyprus makes us uniquely positioned to offer solutions promising greater operational efficiency, productivity gains and cost savings for each of our clients, regardless of their industry.

Together we make good stuff

There are almost 20 of us.

Everyone knows what to do. Like a family, we gather together and work with skill, care and method.

And like every family, we discuss, laugh, argue, decide, and even hug sometimes. Because in the end, we like each other and work well together. And every time, we make it happen.

Our Mission
